RFP page 14, section 5.2.3.2: Can you please confirm whether the mandatory RFP requirements which require a point-by-point response, refers to RFP section 4.0 Proposal Requirements and Company Qualifications?

Answer: Yes, section 4.0 Proposal Requirements and Company Qualifications requires a point by point response. Not every point in section 4.0 Proposal Requirements and Company Qualifications requires a response since some are informative. If the section asks for information, you must provide it.
