

Licensing Requirements

- A Video Lottery Establishment must be a bar or lounge where alcohol is dispensed and consumed in the ordinary course of business.
- Each Video Lottery Establishment must have an Alcohol License and Sales Tax License for the defined address.

Site Requirements

- Video Lottery Establishments must have visual or camera monitorization of the 21 and over restricted area.
- Video Lottery Establishments containing more than one bar/lounge must have an opaque wall that is at a minimum 7 feet high separating each licensed establishment. Building plans must be approved by the Lottery.
- No two establishments can be connected without a common area or atrium separating the two. This area may not have any video lottery terminals.
- Each establishment may have up to 10 video lottery terminals.
